

## Kingsbury Parish Council Risk Assessment

**Approved at Meeting-29/6/23 Minute Ref-164** S. Gommersall, Clerk to Parish Council

### Definition of Risk Management

Risk is the threat that an event or action will adversely affect an organisation’s ability to achieve objectives and to successfully execute its strategies. Risk Management is the process by which risks are identified, evaluated and controlled. It is a key element of the framework of governance together with community focus, structures and processes, standards of conduct and service delivery arrangements.

(Audit Commission – Worth the Risk: Improving Risk Management in Local Government 2001)

This document has been produced to enable the Parish Council to assess the risks that it faces and satisfy itself that it has taken adequate steps to minimise them. The Council is aware that although some risks can never be eliminated fully, it has in place a strategy that provides a structured and systematic approach to managing risk which:

- Identifies the subject
- Identifies what the risk may be
- Identifies the level of risk - High Medium or Low
- Evaluates the management and control of the risk and records findings
- Reviews, assesses and revises procedures on an annual basis and amends as necessary

<b>Management</b>				
<b>Subject</b>	<b>Risk(s) identified</b>	<b>H/M/L</b>	<b>Management control of Risk</b>	<b>Review/Assess/Revise</b>
Business Continuity	Council not being able to continue its business due to an unexpected circumstance.	L	All files and recent records are kept at the Clerk’s home.
